Recruitment

ANALOG DEVICES

AHEAD OF WHAT'S POSSIBLE™

Currently recruiting for an Equipment Engineer to join our team in Limerick Ireland. The successful candidate will be the Equipment Technical Expert on the furnaces in the fabrication of semiconductor devices and will report to the Diffusion/ Strip Manager.

The tool platforms are:

- Both CVD and Atmospheric Furnaces - Advanced Vertical Processors Furnaces, AVP (High and Mid Temperature) - Vertical Thermal Reactor Furnaces, VTR.
- Kokusai Horizontal Furnaces • FSI Mercury MP Spray Processing Systems

Key responsibilities:

- Key technical contributor in problem-solving/ root cause of systematic tool issues and driving improvement initiatives across platforms.
- Establishing clear standards for methods of equipment work in the area amongst shift personnel and works with Equipment shift supervisors to address any training gaps.
- Identifies, defines & implements tool health metrics, ensures periodic reviews, addresses the gaps either working with shift personnel or liaising with vendors.
 - Individual Technical contributor giving technical direction, continuity & support to shift for major equipment downs.
 - Responsible for safe practices across the toolsets.
 - Identifies alternate equipment suppliers and equipment modifications to meet cost reduction strategies.
- Capital acquisition inclusive of definition, procurement, installation and release of toolsets for capacity expansion or new development requirements.
- Vendor management - knowledge of vendors and competitors essential.
 - Ability to present data at internal/external forums.
- Represent ADI at technical conferences and vendor visits.

Requirements:

- Electrical/ Electronic Engineering or equivalent qualification: and at least 10 year experience in above platforms
- Excellent problem solving skills essential.
- Direct relevant Equipment Experience. • Ability to multi-task.
- Good communication and interaction skills. • Data driven.
- Be Safety, Quality, Output and Value for money conscious.

If you are interested in being considered for the role or would like to discuss the opportunity in more detail, please contact:

Carolyn O'Callaghan on 00353 61495048 or

email: carolyn.ocallaghan@analog.com

EQUIPMENT ENGINEER

ANALOG DEVICES

AHEAD OF WHAT'S POSSIBLE™

Analog Devices are looking to recruit a Process Engineer within the Fabrication Engineering group in Limerick Ireland. The successful candidate will play a key role in supporting the manufacturing processes by driving process/equipment control, continuous improvement initiatives and also working with development in developing new wafer level capabilities across the Photolithography area.

The tool platforms in this area are Ultratech /Nikon Steppers, DUV Stepper, Tel ACT8, TEL Mark 5/7 Tracks and associated chemicals are polyimides.

Key Responsibilities will include not limited to:

As a technical contributor, driving & sustaining continuous improvement for existing manufacturing processes, layers & tools in the photolithography area ,working with equipment and manufacturing groups to achieve this.

As a technical contributor working with key groups/disciplines in determining root cause analysis of yield issues , excursions, equipment downs & implementing corrective actions & robust solutions to improve the process.

Periodic review of key metrics associated with Safety, Quality, Output and Value for money on equipment and processes. Capital acquisition inclusive of definition, tool selection, installation and qualification for new technology or existing technologies
Representing ADI at business and technical conferences.

Candidate Requirements:

Honour's Degree in Applied Physics /Electronics/Material's or relevant discipline & experience in a fabrication clean room area would be advantageous.

PhD in Applied Physics, Material Science, Chemical Eng or relevant field. Data driven and ability to apply science theory and engineering concepts
Experience with I-Line & DUV Stepper and Track operations and a wide variety of metrology tools including CDSEM and overlay.

If you are interested, please contact:

Carolyn O'Callaghan on 00353 61495048 or

email: carolyn.ocallaghan@analog.com
